Assessment Outline

You are to create a “baby egg” and a safe environment for it to live in. You will then be required to look after your “baby egg” for one school week.

- Design and make an authentic birth certificate for your “baby egg”.
- Complete the research into Cot death.
- Complete the questions on a newborn baby’s reflexes.

STEP BY STEP:

Create a face for your baby egg	3
Make suitable attire for your egg	3
Make a bed for your egg (consider SIDS)	5
Make a protective environment for your egg (Consider SIDS)	5
Design and make an authentic birth certificate for your “baby egg”	5
Care for and ensure the safety of your baby egg for a full school week.	5
Internet research on cot death (reference your work)	
a) Which is the recommended sleeping position for young babies? Why should they be placed in this position for sleeping?	6
b) Describe the latest findings on the role of Serotonin in relation to Cot Death	2
c) How many hours on average does a newborn baby sleep?	2
d) What other advice is given to help reduce the risk of cot death?	5
e) What does the acronym SIDS stand for?	2
Name and explain the 6 movements a baby displays called reflexes or reflex actions. Include a picture to illustrate.	12
Include a bibliography	5
TOTAL	/60

Non-completion of Task:

If you know you are going to be away on the day that the task is due, you must make alternative arrangements with your teacher beforehand. If you are suddenly away on the day that the task is due, you must contact your teacher or Head Teacher on your return to school. Documentation will be required in both classes.

Plagiarism:

Plagiarism, the using of the work of others without acknowledgement will incur serious penalties and may result in zero award. Any cheating will also incur penalties.

Failure to follow the above procedures may result in a zero award.

The policies and procedures that are outlined on the HSC Assessment booklet will be followed regarding the non-completion of assessment tasks.

Outcomes Assessed

- Identify characteristics and needs of children
- Understand how to care and comfort infants
- Describes the factors that affect the health and wellbeing of the child
