Software Update Notice

PARENT/GUARDIAN INFORMATION

Dear Parent/Guardian,

The 2019 BYODD Student Workshops will take place from Monday, 11th of February. These will be intensive workshops will support students in ensuring they are ready to use their device, and are prepared for a successful start to learning at Orange High School.

As part of the BYODD process at Orange High School, student devices will require a software instalment. There is no cost for this software and process.

This process will ensure that all software required for successful learning with student devices can take place. This will occur during school time, where the set up will take place in collaboration with our Technical Support Officer. As the process of any software updates begins at 3pm, as per Department of Education Policy, the device will need to remain at school overnight.

If you have any questions, please do not hesitate to contact the school via the front office.

Kind regards,

Kahina Kharitos

BYODD Coordinator

Helene Hamilton

Deputy Principal
