To assist parents in the purchase of an appropriate device, we have essential specifications and helpful hints to use when shopping. Some logos of recommended manufactures are listed below. Lookout for these when shopping and try to avoid smaller manufactures as they can be difficult to arrange warranty/repairs with.

Every student at Orange High School **will receive a full copy of Microsoft Office365**.  
There is **no need** to buy this software when you buy your device(s).

Apple devices are not recommended as not all the features of Office365 are accessible with Mac OS.

## Minimum Specifications

- ✓ Battery life – 6 hrs charge.
- ✓ Storage - 64GB (GB = Gigabytes).
- ✓ Memory (RAM) - 4GB
- ✓ Screen size - 11 inches.
- ✓ Windows 10

## Considerations

- Choose a device with a Solid State Drive (SSD) over a traditional Hard Drive (HDD).
- SSDs are much faster and are more reliable than HDDs.
- Shop for Intel or AMD Ryzen based devices. Older Non-Ryzen AMD based devices are still on the market but are far worse performing making them a poor choice.
