Weighting	50%		

Students are required to research and present the following sections. Students are to use their Technology Mandatory Google Classroom to present their work

Part 1_12 month planting calendar

- Research planting and harvesting stages using planting information sites such as <u>https://www.gardenate.com/</u> and present as an A4 size planting calendar as a chart or table.
- Include at least 3 winter planted species and 3 summer planted species and at least 4 other species to include Spring and Autumn planting.

Part 2 Plant information

- > Provide a detailed outline of the care requirements for 5 specific plants in their garden
- For each species include a general description of the plant, uses for the produce, planting, care and harvesting information.

Part 3 Garden Layout

- Design a visual layout of a vegetable garden (using the plants listed above) which could be planted in the current season in the Orange climate.
- > The layout must include at least 5 different plants and include row spacings.
- Provide a brief justification for why the garden has been designed in this way. E.g. the need for growing structures, light availability, garden accessibility

Non-completion of Task:

If you know you are going to be away on the day that the task is due, you must make alternative arrangements with your teacher beforehand. If you are suddenly away on the day that the task is due, you must contact your teacher or Head Teacher on your return to school. Documentation will be required in both classes.
