### Assessment Outline

#### **Task Description:**

Prepare a word processed report that examines **TWO** of the following issues in detail. Your report should be presented on A4 paper in a display folder. Relevant illustrations should also be included. You must gather your information from at least 3 sources (eg book, internet site, Department of Health pamphlet etc). The report should be 750-1,000 words.

Select **ONE from each column**, of the following issues which may directly or indirectly harm the developing infant during pregnancy:

Select one from the following:

- Alcohol
- Tobacco
- Caffeine
- Prescription Drugs and other medication
- Illegal Drugs
- Poisonous chemicals

Select one from the following:

- Rubella (German measles)
- Chicken pox
- Animal-borne diseases
- Listeriosis
- HIV / AIDS
- X-Ray

For TWO of the issues listed above, answer the following questions :

1. Name the issue you have selected
2. Discuss in detail the symptoms and causes at various stages of the infant's growth – embryonic period and foetal period
3. Describe how the baby may be affected in any of the following areas: Emotionally, Physically, Intellectually (cognitively), or Socially.

#### **Non-completion of Task:**

If you know you are going to be away on the day that the task is due, you must make alternative arrangements with your teacher beforehand. If you are suddenly away on the day that the task is due, you must contact your teacher or Head Teacher on your return to school. Documentation will be required in both classes.

**Plagiarism:**

Plagiarism, the using of the work of others without acknowledgement will incur serious penalties and may result in zero award. Any cheating will also incur penalties.

**Failure to follow the above procedures may result in a zero award.**

**The policies and procedures that are outlined on the HSC Assessment booklet will be followed regarding the non-completion of assessment tasks.**
