Higher School Certificate Assessment Task Cover Sheet

Student Name:

Subject: Mathematics Advanced **Year:** Year 11 - Preliminary **Teacher:** Ms Stevenson and Mrs Beeby

Assessment Task Number (As per Assessment Policy booklet): 1

Assessment Task Title: In Class Test

Assessment Weighting: 30%

Date Distributed: Monday, 21st February, 2022 **Date Due:** Wednesday, 9th March, 2022 (Week 7, Term 1, 2022)

All Higher School Certificate Assessment Tasks, other than in-class tasks, must be handed in at the library between 8.30am and 8.55am (before the first morning bell) on the due date. Zero marks if the Assessment Task is submitted late, unless an Illness/Misadventure or application for extension form has been submitted.

Comments by Teacher:

You will be assessed on all work associated with Algebraic Techniques (Chapter 1 Grove), and Equations and Inequalities (Chapter 2 Grove). This includes: identify and use index laws including fractional and negative indices; simplify algebraic expressions; remove grouping symbols including perfect squares and difference of two squares; factorise expressions including binomials, difference of two squares, quadratic trinomials and grouping in pairs; simplify algebraic fractions; use algebra to substitute into formulas; simplify and use surds including rationalise the denominator; solve linear equations; solve quadratic equations using 3 methods (cross method, completing the square and the quadratic equation); understand how to substitute into and rearrange formulas; and solving linear and non-linear simultaneous equations (elimination and substitution). The class teacher will let you know which exercises from the particular text are to be included in the test before the due date.

In addition, you may also be asked questions based on core key skills such as changing recursive decimals into simplified fractions, significant figures, scientific notation, the unitary method and order of operations.

A four page NESA formula sheet will be given out with the examination paper (also attached to this notification).

Syllabus Outcomes:

MA11-1, MA11-8, MA11-9

Assessment Criteria/Marking Rubric:

Marks for each question will be clearly shown next to each question in the test paper.
