Assessment Outline

Task 1: Research and Viva Voce Presentation – 5 minutes: 25%

Research:

Select a topic from the aspects of study pages in the Stage 6 Music 1 Syllabus.

You will need to explore some historical content, style and technique. Base your research around musical examples using the **Music Concepts** and how these are employed in your topic area. Relevant music examples (about 3 of 15-20 seconds each) should also be included to demonstrate your understanding of the research.

The research needs to be submitted in a format of your choice.

Viva Voce:

Provide a statement of your study, for example, *Emotion in movies is accentuated by a soundtrack*. From your research you are required to present a 5 minute talk about your topic. You need to provide a *Viva Voce Outline Summary Sheet* outlining your area of study (These are dot points which will guide your talk). Remember this is concepts based and you must provide live examples. Make sure these can be played using your device that links to the sound system. You can also demonstrate this by playing your instrument live.

Non-completion of Task:

If you know you are going to be away on the day that the task is due, you must make alternative arrangements with your teacher beforehand. If you are suddenly away on the day that the task is due, you must contact your teacher or Head Teacher on your return to school. Documentation will be required in both classes.

Plagiarism:

Plagiarism, the using of the work of others without acknowledgement will incur serious penalties and may result in zero award. Any cheating will also incur penalties.

Failure to follow the above procedures may result in a zero award.

The policies and procedures that are outlined in the NESAs booklet will be followed regarding the noncompletion of assessment tasks.

Outcomes Assessed

P2 demonstrates an understanding of the concepts of music, by interpreting, analysing, discussing, creating and notating a variety of musical symbols characteristically used in the mandatory and additional topics.

P4 creates, improvises and notates music which is representative of the mandatory and additional topics and demonstrates different social, cultural and historical contexts.

P5 analyses and discusses compositional processes with stylistic, historical, cultural and musical considerations.

P9 identifies, recognises, experiments with, and discusses the use of technology in music.
