Quod Potero Sedulo

21st May, 2015 : Term 2 Week 5

## Opening of Trade Training Centre

The school communities of Orange, Blayney and Molong celebrated this week with the formal opening of our Trade Training Centres. Over recent years each school has benefitted from the construction of trade standard facilities in hospitality, metal and engineering and horticulture.

The facilities ensure there are enhanced opportunities to pursue a trade based career while young people still attend school. The physical facilities and equipment are state of the art and enable teaching in a simulated workplace. The facilities were funded by a \$5 million grant to the schools from the federal government and as such it is appropriate the Member for Calre, John Cobb, officially opened the facilities.

# Principal's Report

**Principal**  
David Lloyd

**Deputy Principals**  
Kathleen Maksymczuk (Rel)  
Helene Hamilton

**Head Teacher Admin**  
Kylie Winslade (students)

**Careers Adviser**  
Glen Pearson

**School Counsellors**  
Robyn Flood  
Gai Torshavin

**Sport Co-ordinators**  
Anthony Wharton  
Tegan Dray

This week and next students in Years 7 – 10 will complete their mid course exams before the sporting exchanges of Malynley Shield and Astley Cup. In the final week of term, students, parents and the wider community will enjoy our cultural music and creative and performing arts 'School Show' extravaganza. All of these extra curricula activities offer opportunities to nurture the talents of our young people in a variety of forums including the sporting field, debating hall and on and behind the stage. Each of the activities provide a forum for all students to encourage and support others in their endeavours as together we build individual confidences and skills.

**Congratulations to Science teacher Kate Griffen on her selection last week as relieving Home School Liaison Officer** (school attendance) in Orange. While Kate will be missed from the classrooms at Orange High for the interim, she will still be associated with our school, supporting students who have less than 85% attendance. In Kate's absence we welcome Jane Greenslade and look forward to her teaching and contribution to our students learning.

Following a merit selection process we also welcome **Mrs Peita Mages as our new Student Representative Council (SRC) leader**. The SRC will have a major role with the Gosford visit and upcoming Astley Cup. **This week we also farewell Ros Sutton as our long term Science Assistant**. Ros has been at our school for many years working tirelessly in the background support learning and we wish her well as she enjoys quality time with her family and grandchildren. In her place we welcome Jenny Milton who has previous experience as a laboratory technician amongst other careers in science.

**Speaking of building confidences and skills, last week we included the names of a number of OHS students performing as part of the Orange Theatre Companies' production of Annie.** Included below is the full cast of the show from Orange High.

## Performers

Bella Sattler  
Madelieine Owens  
Rose Thomas  
Jacinta Smith  
Victoria Smith  
Roisin O'Connor  
Danielle Saunders

## Stage Crew

Ash Morrow  
Ben Woodside  
Spencer Hawkins  
James Cashen

## Orchestra

Mr Seb Key  
Fergus O'Shea  
Ben Blanche  
Musical Director – Brian Irvine and Chris Mickle

Congratulations to all involved!

David Lloyd  
Principal

# Industrial Arts Report - Woodworking Challenge

Last Friday four students from Year 9, Thomas Banham, Leah Bragg, Samuel Newcombe and Emmi Newton, and four students from Year 10, Guy Campbell, Benjamin Cox, Hugh Duffield, and Luke Holst, competed in a woodworking challenge against Kinross Wollaroi and Canobolas Rural Technology High School.

The competition was separated into two categories, Year 9 Challenge and a Year 10 Challenge.

The challenge had many benefits for both the school and the students involved. It was a fantastic opportunity for students to develop project management and team work skills whilst also allowing them to further develop their practical skills. The challenge helped students develop these skills while enjoying themselves in a safe, supportive and encouraging environment.

This competition gave the Industrial Arts/ Technology Faculty an opportunity to showcase the talent of their students and staff and to represent the importance of Technology Education in secondary schools.

The students who competed proudly represented Orange High School and were enthusiastic about the competition. While unfortunately we didn't proceed to the state level our students put up a great fight, missing out by one point and were an excellent example of what our students are capable of. We are eagerly awaiting next year's competition and we will strive to build the skills of our students with the hope of competing at state level.

# Gosford Visit 2015

On Wednesday 27<sup>th</sup> May, approximately 200 Gosford students will arrive at Orange High School for our annual Malynley Shield competition. The history of this trip is as follows;

In 1968 the Orange High School University Shield team reached the grand final, and drew with Tamworth. Under the rules of the competition, the match was replayed at Gosford, and again the result was a draw. Orange players were billeted by Gosford High School students, and during informal discussion after the game, it was suggested that an inter-school visit between the two schools would be a beneficial adjustment to the sporting calendars of both teams.

As a result, the sports masters organised a program of events of a sporting and cultural nature, and in the following year, approximately 200 Gosford students visited Orange. The inaugural competition was a great success, and it was decided that the visit be an annual one.

The Malynley shield was donated by a Mr & Mrs A Dews, whose interest in the competition was stimulated by the fact that their three children attended either Gosford or Orange school. "Malynley" is an acronym for members of their family.

The Malynley shield is awarded for the overall points score during the visit. All contests are included in the points score, and are of equal value (win-2, draw-1, loss-0).

Year 9/10 Rugby League will be the first sport contested on Wednesday afternoon starting at 3.30pm on the oval at Orange High School. Wednesday evening has no formal requirements for competitors and billetees.

There will be a range of sports contested at various venues around Orange on Thursday 28<sup>th</sup> May. **This is a whole school spectator day at Orange High School for those not competing.** Students are to attend school in full winter uniform for the day. Competitors with a 9am start will meet at their venue, all other students will need to be at school for roll call at 9am.

If you wish to spectate at events outside of school, please collect a note from the PE staffroom. Competitors and spectators that have registered their names are entitled to free transport to all venues and just a reminder that **there is to be no student drivers**. The OHS mini bus will be operating as a shuttle for competitors and their billetes that need to get between venues quickly. On Thursday evening, all competitors and billetees are required to attend the BBQ and disco held at OHS starting at 5.30pm and concluding at 9.00pm. We say goodbye to our Gosford visitors after a whole school assembly on Friday 29<sup>th</sup> May.

We are looking forward to another fantastic Malynley Shield visit.

If you have any questions, please contact the OHS PDHPE staff.

## P&C News Gosford visitor BBQ Thursday 28 May

The School is hosting 250 students from Gosford High School and the P&C needs your assistance with cooking and serving at a BBQ in the school grounds on **Thursday 28<sup>th</sup> May**. 5:00 pm to 8:30 pm

If you have an hour of two to assist please contact us with your availability
