From the Principal

Dear parents and members of our school community,

Welcome to the start of Term 4. Our HSC exams are now underway and our Year 12 students have already completed several exams. Our students seem to be holding up well and have found the exams a positive experience to put their knowledge of the past twelve months into place. With three more weeks of the HSC to go, I would urge our students to continue to work hard preparing for the exams they have remaining.

Staffing

I would like to warmly welcome a number of new staff to Orange High School. A number of our new staff are highly experienced teachers and will add great value to the education of our students.

Attendance

From the start of Term 4 students no longer attend Roll Call. A song will start at 9.00 am and all students must be in class by the end of the song at 9.04 am. Teachers of Period 1 will mark the roll, pass on daily notices and commence teaching. Students arriving after 9.04 am will need to collect a late note from the middle office in line with our current policy.

Students who sign in late, without a note, will be provided with Attendance Support during the first ten minutes of lunch on that day.

We ask that as parents, you support this change and ensure that all students are dropped at school before 9.00 am each morning. Maximising learning time is very important to Orange High School and we appreciate your support with this change in daily structure.

Uniform

I ask for your support to ensure that your children wear the correct school uniform every day and students are in full summer uniform throughout Term 4. Sports uniform is not to be worn to school. Students who have Sport or PDHPE are required to bring their uniform in their bag and get changed. A full list of our uniform requirements is located on our school website and within this newsletter. I thank you for your support.

COVID -19

Although many of the COVID-19 regulations have remained in place for Term 4, there have been a few positive changes.

Schools are now permitted to organise excursions and to travel outside their local community. These include sport and physical activity, curriculum activities and extra-curricular activities that are organised by the school. There are several excursions that have already been planned for Term 4. Schools will include COVID-19 safe planning when developing risk management plans for all excursions.

THE CAREERS GUY - YEAR 11 LIFE READY WORKSHOP

As part of the two-day Life Ready Sessions for Year 11 students, Adam Newman from www.adamnewmantalks.com known as The Careers Guy, was the guest speaker to kick-off the sessions. Adam presents an entertaining, engaging multimedia presentation full of practical and sensible tips on career planning for young people; which has at its heart that fulfilment is the greatest currency and that if you find a job you love, you will never work a day in your life. This one hour multimedia seminar helps students find their motivation and provides a clear road map to realistically achieving a student's dream job; even if they don't know what that is yet. Adam also outlines the importance of your personal brand, the power of goal setting and the incredible opportunity of being young.

Many thanks to Adam for presenting such an engaging and interactive session for our Year 11 students.

SKILLSET GEARING UP DAY

The annual Skillset “Gearing Up Day” was held on Wednesday 21st October.

The purpose of Gearing Up Day was to provide Year 10 job seekers with the necessary skills and knowledge required to find meaningful work.

Orange High School’s Careers Adviser, Glen Pearson, partnered with Skillset Consultant - Sarah Turner, Youth Connect Consultant - Robyn Isbester and School and Community Engagement Officer – Amanda Ferguson, to deliver an intensive day of career development activities.

The 20 participants learnt about:

- Applying to job advertisements
- Preparing a successful Resume
- Employability skills – “What Employers Want”
- Writing occupation-specific job application cover letters
- Successful interview techniques
- The interview process by participating in a Mock Interview.

Drawing upon Skillset’s extensive experience working with young people, students gained confidence in their ability to search, apply and secure employment in the future.

It was an extremely worthwhile experience for the students and many thanks must go to Amanda, Sarah and Robyn for their industry expertise.

Just a little bit late doesn't seem much but.....

He/ She is only missing just....	That equals....	Which is.....	and over 13 years of schooling that's...

TERRACYCLE

Orange High School has enrolled in the TerraCycle Recycling Program. It allows for the recycling of everyday items that are not included in our regular fortnightly council recycling collection. Items are collected then posted to a state-wide collection point to be recycled.

Please find attached a list of items that are able to be recycled through our school. Place the items in the bag provided and return to Miss Hope in the TAS staffroom, or to an SRC representative. There is no time limit for the collection of items, however, please encourage family and friends to contribute.
